

The Right Connection™

## Introducing Dixon Bayco's 5000AIRHD Heavy Duty Air Interlock

*Robust, heavy duty construction with the same footprint as our  
standard air interlock*

---

### Heavy Duty Air Interlock

#### Features:

- large air ports allow for high air flow and the fast setting and release of brakes and air operated valves
- 3/4" diameter stem resists bending
- roller end allows for various angles of engagement
- Baylast™ seal standard
- standard 1/4" NPT air port configuration
- same footprint as standard air interlocks
- stainless screws included
- we also offer the air interlock with a button end (part # 50000AIHD)
